**PAPER RECYCLING SOLUTIONS
FOR A SUSTAINABLE FUTURE**

ABOUT US

We at Dash International are specialized in international trade, import, and export, offering comprehensive solutions in supplying raw paper, cardboard, and various types of plastics, as well as industrial products and packaging materials. Established officially in Turkey in 2023, our company builds on extensive experience since 2013, developing a wide network of business relationships with suppliers and clients across regional and global markets. Our activities include the supply of raw paper materials such as Fluting, Testliner, and Kraft, along with paper and cardboard waste (OCC, SOP) and plastic materials (PS, PET, LDPE, HDPE), providing integrated solutions that support manufacturing industries and promote sustainability and recycling. Based in Turkey, we serve as a strategic link between Turkey, the Middle East, and Europe, leveraging our global partner network. We pride ourselves on flexibility in meeting client demands, offering competitive pricing, and providing reliable logistics services, including sea and land freight, customs clearance, and delivery directly to clients' warehouses. We are committed to the highest standards of quality and integrity, aiming to build long-term partnerships based on trust, transparency, and mutual benefit.

Delivery & Client Support

We ensure smooth delivery to the client's facility and maintain continuous communication for long-term cooperation.

INDUSTRIES WE SERVE

Dash International supports a wide range of industrial sectors by supplying reliable raw materials and recycling inputs tailored to production needs. Our experience across multiple markets allows us to understand the specific requirements of each industry and deliver consistent, high-quality supply solutions.

We work closely with:

GLOBAL MARKET PRESENCE

We operate across Turkey, the Middle East, and Europe, leveraging our strategic location and international partner network to facilitate efficient cross-border trade and reliable industrial supply solutions.

OUR COMMITMENT TO SUSTAINABILITY

At Dash International, sustainability is a practical commitment embedded in our daily operations. A significant part of our business focuses on supplying recovered paper and recyclable plastic materials, directly supporting recycling industries and reducing dependence on virgin resources. We prioritize working with verified suppliers who comply with environmental regulations and proper waste handling standards. Before shipment, materials are checked and documented to ensure quality consistency and traceability. Through optimized container planning and efficient shipping coordination, we reduce unnecessary transport impact while ensuring stable supply to recycling plants and manufacturers. By maintaining long-term partnerships with paper mills and plastic processors, we actively contribute to strengthening circular production systems across Turkey, the Middle East, and Europe.
